# DEDICATION

We hardly ever see him, and yet the evidence of his presence can be found everywhere on the Rollins campus. He has the time-consuming job of being the purchasing agent for the college. The bookstore, center, and the dining hall all rely on his efforts; and without the tireless enthusiasm of this dedicated and conscientious man, our college would not be what it is today. He was instrumental in obtaining the funds for our two newest buildings, the Rose Skillman Dining Hall and Elizabeth Hall, and is constantly working on improvements and additions for our benefit and enjoyment. He works closely with the student publication editors and does all in his power to assist them in their work and help them get the best contracts possible. He came to Rollins almost thirty years ago and has seen a great deal of progress, much of it due to his own careful management and advice. He began his career as a book-keeper and worked his way up to the position that he holds today. Aside from his duties to the college, he also finds time to serve his church as deacon, his community as a member of the city commission and as a Kiwanis Club officer, and his college as one of the star players on the intramural faculty team. Up to date in his ideas and purchasing methods, he has a keen eye and an alert mind always interested and open to new suggestions. It is with a sincere feeling of pleasure and a great deal of pride that we dedicate the 1960 TOMOKAN to Mr. Harold Mutispaugh.

# ADMINISTRATION

TRUSTEES OF ROLLINS COLLEGE are Mrs. Hugh F. McKean, Mr. Hugh F. McKean, Mr. Miller Waltan, Mrs. Richard S. Canger, Mrs. Osburn C. Wilson. Second raw: Mr. H. George Carrisan, Mr. Olcott Deming, Mr. L. Corrin Strong, Mr. Howard Showalter, Jr., Mr. Nelson Marchall, Mr. Clarence M. Gay, Mr. William B. Mills, Mr. Joseph S. Guernsey, Mr. F. Monroe Alleman, Mr. Caulter Craig. Third raw: Mr. Harry J. Carman, Dr. T. Campbell Thompson, Mr. Paul L. Tharen, and Mr. J. Roy Dickie. It is in the hands of these people that the future of the college lies. They plan the procedure for the administration and work for beneficial changes in the running of the college and for improvements of the grounds and buildings. Meetings are held several times a year.

The administration of Rollins College, under the wise and able leadership of President Hugh McKean, has worked hard this year to bring the students many wonderful advantages.

During the past summer, the president and his wife renovated Cloverleaf, one of the oldest girl's dorms on campus. Each of the rooms is entirely different from the others. Most are designed around one particular object—draperies, a bedspread, or an interesting and unusual piece of furniture. The only criterion used in planning the rooms was that the decorations and furnishings be compatible.

Construction of a field house is one of the biggest long-term projects of the administration at present. The building, still on the drawing board, should seat at least 2500 spectators. The construction of the Arthur O. Enyart Field House, as it will be called, is sponsored by the Rollins Alumnae Organization for the Diamond Jubilee.

One of the educational highlights of the year was the

conference on the Arts and Sciences. The theme of the conference was based on the conception that mutual understanding between countries may have to come in a form more subtle than scientific knowledge. In keeping with this idea, the conference was entitled "Language for Tomorrow," and featured lectures on such subjects as "Science and Aesthetics" and "Dynamic Form in Science and Art."

Fifteen visiting professors were another educational benefit provided by the Administration. Too, a program was initiated whereby a set number of faculty members were chosen to confer with the freshmen through their sophomore year.

In addition to insuring a fine education for the Rollins students, the Administration continued Operation Bootstrap, a program open to qualified adults. Also, a new field of graduate study was instituted, consisting of physics and math courses.

All in all, the Administration has done a superb job this year and will continue to do so in the future.

# STUDENT COUNCIL

The Student Council strives to maintain a high standard of living at Rollins and prepares the students for the world that they will enter after leaving college. It acts as a sounding board for student and faculty complaints, accepts and discusses suggestions for campus improvements, and, in general, is concerned with issues pertinent to a well-rounded, profitable school year. Representatives from each of the seven sororities and six fraternities along with members of the Independent men and women bring the ideas suggested by the members of their groups to the executive council. The council, in turn, places such items under the jurisdiction of one of the seven standing committees. The job of these committees is to discuss the problem at hand until a suitable solution is reached. The Student-Faculty Disciplinary Committee, enables students and faculty members to work closely together. It is to this committee that students placed on probation and those who are in danger of being expelled appeal. A fair representation of the student body and the faculty enables an impartial judgment to be passed. The Student-Faculty-Trustee Committee is still another committee, and such things as the students' attitude toward faculty salaries, new buildings to be built, and traditions of the college are topics of discussion. The Student Academic Committee works in the academic field and is working on a summer-school program to permit graduation in three years and a bootstrap Russian language course. One of the most important committees is the Social Committee. The members of this group work diligently to fit scores of college dances and various social activities into the tightly

knit schedule of events. One of its most noteworthy achievements is the sponsoring of Fiesta, Rollins' social highlight of the year. Included in the activities of Fiesta are a fashion show, a formal dance with a big-name band, a midway, a parade complete with floats and beauty queens, and numerous other festivities. The committee which is responsible for the traffic problems is the Traffic Committee. Members of this committee, as well as the members of all the other groups, are appointed by the president of the student council. The duties of the Traffic Committee are to manage and to solve the parking problems in the college area and to assure the faculty and administration of specific places to park. Other student committees which help to assure a smooth running college are the Campus Improvement Committee, and the Pelican Committee. Combined together these various groups provide a good foundation for an efficient and capable student government, an important aspect to any college community. Members of the student council who are elected to represent their social groups are: Tau Kappa Epsilon, John Harkness; Sigma Nu, Bob Fleming; Kappa Alpha, Bruce McEwen; Lambda Chi Alpha, John Hughes; Delta Chi, Rich Cole; Chi Omega, Ginny Willis; Gamma Phi Beta, Ginger Cornell; Pi Beta Phi, Betty Sue Lukins; X Club, Bill Lauterback; Kappa Kappa Gamma, Cynthia Ramsey; Phi Mu, Julie Smith; Kappa Alpha Theta, Sally Zeungler; Alpha Phi, Sue Smith; Independent men, Bob Rauch and Jim McKee; Independent women, Phyllis Zatlin and Tina Levin.

The student council executive committee is elected each spring term by the entire student body. The Student Deans act as advisors and the four class presidents, having no vote, are automatically ex-officio members of the council. Executive council members who lead the campus in government affairs are Dick Mansfield, president; Tany Toledo, vice-president; Sue Lewis, secretary; and Val Baumgard, corresponding secretary.

Student members of the Student Faculty Disciplinary committee are Beth Halperin, Luis Daminquez, Lloyd Hoskins, Bruce McEwan, and Al Caleman. They work closely with the faculty in matters requiring student disciplinary action.

A President's List, in addition to the Dean's List, has been one of the topics concerning the Student-Faculty Academic Committee. Student members of the group are Phyllis Zatlin, Bob Rauch, Bruce Aufhommer, and Marilyn Dupres.

The group responsible for all college social functions during the year is the Student Social Committee. Working with Tony Toledo, Council Vice-President, are John Hughes, Ruth Wilder, and Linda Walwoitz.

The Student-Faculty Trustee Committee meets to discuss general problems of the college, and views of each group are considered. Student members are Wally Romsey, Purr Ronsom, and Bruce Aufhommer.

The Publications Union, which is under the supervision of Lyman Huntington, is an organized alliance of each of the heads of the *Sandspur*, *Flamingo*, *Tomokan*, and "R" Book staffs, with membership remaining open to any other student publication which may be endorsed and subsidized by the Rollins Student Association. Its purposes are to place the student publications upon a sound basis of unity, to secure a continuity of management, to reduce the cost of publication, and to insure a larger subscription list. The union provides, in its constitution, rules for the setting up of election standards and procedures which are to be followed during the spring elections. Each staff member of any of the publications may find guidance in the constitution of the Publications Union.

The Rollins Publications Union includes the editors-in-chief of the four student publications, their faculty advisers and business managers. First row: Mr. Trowbridge, Phyllis Zatlin, John Hickey, Maggie Carrington, Lyman Huntington. Second row: Jerry Beets, Alan Coleman, Lloyd Hoskins, Dale Ingmanson, and Dr. Sanderlin. Creative writing is encouraged, and students are urged to take part in the many different aspects of publications.

The Roaring Twenties was the Fiesta theme for this year and the entire campus reverted back to flapper dresses, cloche hats, elastic arm bands, and straw hats. The weekend officially began with the traditional parade down Park Avenue, in which the social groups displayed floats which showed many days of hard work. Also in the parade were seventeen antique cars which were kindly offered by individual collectors, and two fire engines from that famous era. The Fiesta Chairmen, John Looby and Stan Moress, were kept busy at the midway which converted the Sandspur Bowl into a noisy, gay carnival. The annual Field Day once again emphasized competition in areas such as egg throwing and tugs of war with the most competent groups being Gamma Phi Beta and Lambda Chi Alpha. Lunch on Friday was held down by the lake and featured a special water ski show complete with music and fancy trick skiing. The Augmented Seven sang and as is customary, the rains came, but this year we were prepared! No damages . . . except Rec Hall burned. Friday night brought a Roaring Twenties dance complete with free refreshments for all and the swinging sounds of Mr. Music Man (Wally Futch), Dennis the Menace and His Madmen . . . a night to remember. The Annie Russell was the scene for the fashion show and the new Miss Rollins for 1960 is Marsha Mead. A memorable weekend was brought to an end by Les Elgart and his orchestra at the formal dance. Highlight of the evening was the awarding of trophies Gamma Phi Beta and Sigma Nu had the best floats, Theta and X Club had the best booths on the midway, Pi Phi and Delta Chi brought in the most money.

# ANNIE RUSSELL THEATRE

Poignant aesthetic experience on stage often has quite common origins.

Late hours and the glow of inspiration turn plain lines to stage magic.

The wandering minstrel in days of yore never had problems like this.

JUST AS MUCH AT THE HEART of true theatre as the creation on stage is cold brick, the upraised hand, the light, the switches and handles, and concentration.

WHEN THE LIGHTS DIM IN THE HOUSE and the curtain finally goes up on opening night the tense and tedious hours that were spent in rehearsal prove worthwhile. Dana Ivey perfects her position for the critical eye of the audience.

Under the amber blush of the gel, a script finds life.

THE ROLLINS PLAYERS, whose membership consists of Rick Halsell, Mr. Feher, Mrs. Lockamy, Sid Burt, Bob Bumim, John Hickey, Dale Ingmansan, Bab Haines, Mary Jane Strain, Kaye Leimbacher, Nelle Langshare, Claudia Meltan, Mrs. Wagner, Mr. Wagner, Master Wayne Wagner, Mr. Chase, Mrs. Emerson, Stephen Kane, and Maggie Carrington, is under the direction of the theater arts department. Students who have shown exceptional talent in the theater, either acting on stage or working on all the phases behind the scenes, are considered for the honor.

INTENSELY, MR. ARTHUR WAGNER, studies a rehearsal scene. All mistakes must be corrected by opening night. The goddess "perfection" is Mr. Wagner's master and the play must be flawless.

One of the centers of culture on the Rollins campus is the Annie Russell Theatre. Since the variety of activities appeals to all types of people, every student and a large majority of the people in the area surrounding Winter Park are well acquainted with the theater. The five major productions put on during the year provide a good representation of comedy, drama, musicals, and Shakespeare. Any student may try for the parts in the plays but preference is given to the Rollins Players. The entire production is in the hands of the students with memorable cast parties following the final performance. In conjunction with the Annie Russell is the Fred Stone Theater in which minor productions are staged, often of the experimental type, with students and faculty participating in the roles. Usually the beginning students take part in this type of play, which is sometimes written by a creative writing student interested in drama. It is in this smaller theater that the members of the advanced theater classes produce their plays. These students choose their own play, do their own casting, and produce and direct it completely on their own. The final product is given for the public and often times a faculty-student discussion follows. Another feature of the Annie Russell is the Rollins Concert Series. This consists of various musical concerts for voice, piano, and violin. There is always something going on in the Annie Russell which makes it one of the most important spots on campus.

I DREAMED LAST NIGHT I GOT ON A LITTLE BOAT TO HEAVEN.

#### GUYS AND DOLLS

The Annie Russell's first production of the 1959-1960 season was *Guys and Dolls*, a musical comedy. Under the able direction of Arthur Wagner and Robert Hufstaeter, Runyon's characters came to life on the Annie Russell stage. The play was chosen because of the many parts it provides for many different types of talent. The cast included such veteran ART performers as Sally Reed, Stephen Kane, and Chuck Morley while at the same time it introduced, for the first time, the talents of Mary Goodall and freshman, Peter Kellogg. Everyone connected with the show had a good time and the sentiments of the entire cast were reflected in the words of one of their number on closing night, "I wish we could have run it forever." Evidently the audiences were similarly impressed, for *Guys and Dolls* not only played to full houses every night, but popular demand made it necessary to run the play for an extra performance. Mr. Ervin Feher, the Annie Russell's new technical designer, created the sets, which were not only beautiful but also utilitarian.

AND YOU CAN BET THAT THE GUY'S ONLY DOING IT FOR SOMEDOLL!

AND WHY, PRAY, CAN'T I LIGHT A BONFIRE THIS AFTERNOON?

#### THE CHALK GARDEN

Following *Guys and Dolls*, The Rollins Players presented an English comedy-drama by Enid Bagnold entitled *The Chalk Garden*.

While as a play *The Chalk Garden* is rather inferior, the brilliant direction of Robert Chase and superb performances by an outstanding cast put the production across most successfully.

As in *Guys and Dolls*, the cast was composed of both veterans and newcomers. Of the new talent appearing for the first time, Dana Ivy, in the role of the neurotic child, showed the most promise. The old-timers in the cast included Joan Brand, (in her final appearance in the ART), Kay Leimbacher, Ric Halsell, Stephen Kane, Mary Jane Strain, and Sally Reed, (also in her farewell appearance). Mr. Feher's graceful sets created the delicate mood formed by the author. Mr. Chase expressed his complete satisfaction with the production, saying that it marked some of the finest performances he had ever seen at Rollins.

CHALK "GARDENERS," CAST AND CREW POSE AFTER THE SHOW.

DARLING, DON'T YOU SEE THAT WE SHARE A HIGHER LOVE?

#### ARMS AND THE MAN

The third show, *Arms and The Man*, not only enjoyed a successful run here at Rollins, but was greeted with similar enthusiasm in the several cities where it appeared during a tour. This was the first Rollins production to "hit the road," (aside from an occasional performance in Daytona Beach), and director Arthur Wagner indicated that he was most pleased with the results of his experiment and hoped for a week's tour next year. *Arms and The Man* is George Bernard Shaw's spoof of Romanticism and military vainglory. Although much of the humor is dated, excellent direction and acting saved the day. Marion Love and Geneva Davenport were superb in their initial appearances at the ART. The more experienced members of the cast included Nelle Longshore, Robert Bunim, Rick Halsell, Chuck Morley, and Don McLachlan.

The highly imaginative sets and costumes designed by Erwin Feher were also worthy of mention.

OH, BLUNCHLY, YOU'RE MY WONDERFUL, BRAVE, CHOCOLATE SOLDIER!

# SHAKESPEAREANA

The annual presentation of *Shakespeariana* at Rollins is not a recent innovation, since it dates from the earliest days of Mrs. Nina Dean's teaching career at the college. A humble venture at first, the production is now an important yearly event. In 1946, Mrs. Dean conceived the idea of having her students present a program of selected quotations from Shakespeare. By doing this, she hoped to bring a deeper and more rewarding understanding of the works to her class. She wanted to bring the famous author's passages to life. The first few presentations were held in a classroom. But as the fame of the undertaking spread and as the audience grew larger, Mrs. Dean and her young performers moved to Dyer Hall, thus adding a piano and a dias to the production. Classes came and went. The crowds increased. Eventually, even Dyer Hall could no longer hold the throng that came. The time had come to move again. Strong Hall Patio was chosen. The new location was especially

appropriate, since it resembles both the courtyard of an Elizabethan inn and of the Globe Theatre. In the spring of 1950, *Shakespeariana*, the name the production acquired at the time of relocation, opened to the fanfare of trumpets. A flag, as in olden days, snapped in the breeze, signifying that Mrs. Dean's dream had come true.

This year, as in the past fourteen, *Shakespeariana* again opened to the trumpet's fanfare, while orange girls distributed tangerines and camellias to the incoming audience in return for the admission price. Originally, no one could enter unless he quoted a passage from Shakespeare. But, this practice was discontinued when people arrived prepared to recite quotations two and three pages long. Suddenly, the flag goes up! *Shakespeariana*, now a beloved project of the entire Rollins family, is on!

# FRESHMAN SHOW

KNEELING IN THE FIELDS, WORKERS SING THEIR THANKS.

The 1960 Freshman Show was truly unique. Instead of the usual conglomeration of talent, this year's production was a well-planned musical comedy depicting the plight of Negro slaves in the South. Emily Frierson's music, Sally Schreiber's dialogue, and Candy Diener's choreography were artfully directed by Dee Stedron and Jerry Green. Sally Yerxe's backdrop of a cotton field added a delightful touch to the play. The show had many striking features. There was "Congeree," a jungle song and dance routine executed by a large cast. Soon after, Pat Corry and Lisa Timberlake proved "Diamonds are a Girl's Best Friend." Later, Jody Frutchy strummed and sang a haunting tune, "My Lord Is Coming." Pete Kellogg's comically solemn representation of a Negro minister had the audience enthralled. All in all, superb music and a superior cast under able direction resulted in a remarkably successful show.

DEAN OF THE CHAPEL, THEODORE S. DARRAH, ADDS INSPIRATION AND MEANING TO OUR COLLEGE LIFE...

The Knowles Memorial Chapel is one of the outstanding features of the Rollins campus. Its tower of Spanish-type architecture presents a magnificent picture during the day as its cream color is framed by a dark blue sky. And at night the peaceful serenity and welcoming warmth is emphasized when one sees the lighted tower against the black velvet of night. The Chapel is the mainstay of the college community and becomes a loved symbol to those who see it every day, whether they are students or residents of the surrounding area. The Dean of the Chapel, Theodore S. Darrah, leads the weekly Sunday morning services, while the short evening vesper services, which are held twice a week, are completely organized and participated in by the students. Miss Clara Adolfs efficiently aids the Dean as his secretary.

People integral to the Chapel way of life are Mrs. Catharine Gleason, prominent organist, and Mr. Robert Hufstader, who expertly directs the student choir. The organizations of the Chapel are for and by the students and provide an opportunity to become better acquainted with the Chapel and its many functions, both locally and abroad. Some of the groups are voluntary, and anyone interested may participate, while several select their membership by outstanding individual characteristics and leadership. The Chapel Staff is one such group and its main duty is to carry out all activities of the Chapel, such as the Fund Drive. Other organizations are the Community Service Club, the Vesper Committee, the After-Chapel Club, and the group of men students who volunteer their services as ushers.

A REGAL TOWER IS FRAMED BY PALMS AND SPANISH MOSS.

BARTH ENGERT READS the Old Testament lesson for one of the Sunday morning Chapel services. Students have the opportunity to participate and contribute in many aspects

CHAPEL STAFF MEMBERS, front to back are Dean Darrah, Dean Vermilye, Linda Wolowitz, Robert Fleming, President, Pete Noyes, Dr. Morganroth, Alan Coleman, Anita Tanner, Walter Cain, Barth Engert, Margaret Carmichael, Dick Mansfield, Carol Sitton, Miss Adolfs, Bob Rauch, Joan Watzek, Valerie Baumrind, and Linda Qualls. The purpose of the staff is to carry out the religious program of the Chapel, from planning and working on the annual fund drive to writing monthly letters to the college's foster children. There are two faculty members, nine elected students, and the chairman of each student committee.

THE CHAPEL USHERS ARE A GROUP OF MEN WHO VOLUNTEER THEIR SERVICES for Sunday morning services and special events centering around the Chapel. Several of their many duties are to welcome the congregation, distribute programs, take up the collection, and see to the well-being of everyone. Among those pictured are head usher Pete Noyes, who is standing, Tony Toledo, Jerry Beets, Bill Lauterbach, Mabry Monderson, Hal Abbott, Dan Jackson, Alberto Sepulveda, Mort, Dunning, Jerry Frazier, Bob MacCuspie, and John Henriksen. Their helpful services add greatly to the smooth running atmosphere of all Chapel events.

THE VESPER SERVICES, which are held bi-weekly provide an inspirational break in a hectic day. The Vespers Committee, whose members are Bob Fleming, Tony Toledo, Sue Hazard, Sue Lewis, Linda Wolowitz, Dick Mansfield, Bill Lauterbach, and Jack Freese, plans each service and is responsible for finding speakers.

MR. ROBERT HUFSTADER deserves all the credit where affairs of the choir are concerned, whether it be the regular Sunday services or the annual Christmas program. Under his expert direction, the choir performs with precision.

One of the great honors that almost every student strives for during his college career is an invitation into one of the many societies. Each college and university varies in the amount and kind of honor groups that it has, and such societies come to mean a great deal to the students of that particular school. However, there is one organization which is common to almost every university and college and has a little more special meaning and prestige than the others. One of the greatest honors that a senior can obtain is recognition by WHO'S WHO AMONG STUDENTS IN AMERICAN UNIVERSITIES AND COLLEGES, which is a publication released once a year. In order to be selected for WHO's WHO, one must first be nominated by the school which he attends. This choice is usually made by a campus committee involving faculty, administration, and student representatives. The committee carefully takes into consideration the scholarship of the student and his participation in extracurricular activities, along with important character qualifications, such as leadership, citizenship, cooperation, and an evaluation of his future promise.

# ANIMAG

Animated Magazine, which has become a tradition at Rollins, was held during Founder's Week in the Knowles Memorial Chapel. The theme for this year was a prediction of the changes in the arts and sciences for the future. The speakers, who personally presented their "articles" instead of writing them for publication, were Prof. Filmer S. C. Northrop, James Johnson Sweeney, Prof. Henry Margenau, R. Buckminster Fuller, and Donald H. Andrews. They were introduced by "editor" Hugh McKean. This year's schedule was a little different from previous editions, since the students and others of the Rollins family were given the opportunity of attending conferences with the various speakers. After each conference there was a question-and-answer period during which the audience discussed pertinent theories. There were also informal gatherings at the sorority and fraternity houses. This was one of the most successful magazines ever presented.

# PAN-HELLENIC COUNCIL

Composed of two members representing each of the seven national sororities on campus, the Panhellenic Council meets twice a month to formulate and discuss plans for rush, pledging, and other policy matters relating to sorority life. The function of Panhellenic on the Rollins campus is fourfold: to foster co-operation among groups, to strive to maintain superior scholarship, to uphold high standards, and to create a bond of friendship among all the sororities on campus. The Panhellenic tea is the first introduction to the operations of Panhellenic. It serves to welcome the entering women, presents an opportunity to introduce the cabinet to them, and gives them an occasion to become acquainted with the fraternity system. This year the tea included a fashion show presenting several types of clothes worn on the Rollins campus. In the program representatives from each social group modeled. The first big task facing the council is to regulate the rushing system in the fall. Pledges are the life blood of the sororities and the selection of the new girls on campus goes on under the guiding hand of Panhellenic. In addition, this year a panel of National Panhellenic women was brought to campus to discuss what sororities expect of prospective pledges and, in turn, what the pledges should expect from sororities. Panhellenic felt that this was a necessary part of fraternity education. One of the Panhellenic Council's most important projects this year is the creation of a panhellenic handbook which is designed to unify the basic administrative policies of the sororities and to co-ordinate these policies with the executive rules of the college. This pamphlet will be sent to all entering women at the beginning of the school year.

# INTER-FRATERNITY COUNCIL

Under the guidance of Dean of Men Dykman Vermilye, the Interfraternity Council meets each month to act as a coordinator for the six Rollins fraternities, five of which are national and one local. Members shown are Bunky Davis, president; Phil Scott, Delta Chi; Bruce Aufhammer, Sigma Nu; Stan Moress, Kappa Alpha Order; Burnam MacLeod, X Club; and Wally Ramsey, Lambda Chi Alpha. The Interfraternity Council year runs from the spring term of one school year to the winter term of the following school year. The group sets the men's rush rules for the fall term; enforces the rules during rush; and afterward evaluates the system, making recommendations for future years. The Council serves to relate fraternity activities to campus life. Last spring the pledge classes and pledge trainers of each fraternity convened at the Pelican for a cooperative weekend of repair and painting. Interfraternity Council funds bought the paint and materials. The cooperative clean-up was a reflection of a national trend to change the sometimes dangerous tradition of an endurance-testing preinitiation Hell Week. The current attempt is to divert the energy into projects beneficial to campus and community. Another replacement for a dubious tradition was the Halloween bermuda dance, sponsored at Dubsdread by Interfraternity Council and Pan-Hellenic. The dance was a successful replacement for the Halloween dormitory raiding of past years. The Constitution of the Interfraternity Council has recently been brought up to date by amendment and revision. Tau Kappa Epsilon, the newest group on the Rollins campus, was admitted into Council Membership. Organizational details concerning delegation to the Council were clarified.

The 1960 Soccer team exhibited, to all who watched their games, a brand of soccer far superior to that seen in previous years. This marked improvement can be attributed to the excellent coaching staff, to the invaluable experience of returning lettermen, and to the unprecedented skill of freshman players. Members of the team are: Kneeling: Jerry Frazier, Chick Guerro, Gary Richman, Dale Ingmansan, Cape Garrett, Larry Heiden, Jim McDermatt, Demetrios Coutsolioutsos, Enrique Huber, Talbot Lavering, John Lupa. Standing: Miles Hisiger, David Powers, Elias Terzapaulas, Ed Leal, Jeff Sellon, Bill Tane, Carl Mutert, Steve Cutter, Mike Watsan, Jay Bunker, Bob May, Kip Shepard, Dave Caltan.

The 1959 soccer season at Rollins proved to be one of the best in the college's history. The Tar booters were in contention for the Florida Intercollegiate Conference title right down to the final whistle of the final game, and although Jacksonville U. won the FIC by edging Rollins 3-2, it is safe to assume that the Tars were the best second-place team in the history of the league.

Rollins finished with an overall record of 3-2-3, and their conference record was a commendable 2-1-3. The Tars two defeats came by a total of two goals, and the local booters outscored their opponents 22 goals to 12.

The 1959 season was a tremendous improvement over the previous year, when the Tar booters were able to win only one contest. Credit to the marked improvement must be given to the superb coaching staff of Joe Justice, Hugh F. McKean, and Ernie Wrasczek.

In the seasonal opener Rollins exhibited its impressive type of play to a large crowd, as the Tars trounced Emory U., 6-0. Ed Leal headed the list of outstanding performers in this game as he booted three goals past the Emory goalie. Next came the first of two ties with Fla. Southern. In this rough

game the Blue and Gold displayed an exciting brand of offense, which left the Southern backers buzzing.

After losing to a strong soccer club from the Univ. of Florida, 1-0, Rollins trounced arch-rival, Stetson, with a score of 5-1. After the Stetson triumph, the Tar booters fought to consecutive deadlocks with Jacksonville and Southern, 1-1, and, 2-2, respectively.

In the return match with the Stetson Hatters, the Tars once again proved superior, as they beat the Hatters, 3-1. This Stetson win set the stage for the championship game with Jacksonville. Played before the largest crowd on the Sandspur Bowl in the past three years, the Rollins squad did not use one substitute as the Tars battled with a much improved J.U. eleven. The Dolphins won the game, 3-2, but the Tars won the hearts of all the Rollins fans, as they played one of the best games.

The outlook for next year's soccer squad is the best in the history of the college. Losing only one player, Dale Ingmansan, the Tars will be able to field a veteran team, which should be more than capable of bringing the Arthur McKean Trophy back to the Rollins campus.

# WATER SPORTS

During 1960 Rollins students passed much of their free time as well as their class time on the waterfront. One of the biggest attractions seemed to be waterskiing. Classes, taught by "Gramps" Suydan, were held in the fall and spring terms. He coached the excellent ski team that participated in many water shows around this area and in various tournaments throughout the state of Florida. This spring the team made a good showing at Cypress Gardens in the Dixie Tournament. The members of the team were Tom Miller, June Worthington, Susie Morganthaler, Barth Engert, Bruce McEwan, Owen McHaney, and Bob MacCuspie.

Sailing classes were offered under the instruction of Bruce Greene. On Saturdays everyone had opportunities to see sail fish races sponsored by the Yacht Club.

Under the instruction of Fleet Peeples, swimming, diving, and canoeing were taught. In the spring the intramural board sponsored a swimming meet in which all of the women's and men's social groups competed. Out of this an honorary varsity was chosen. During the fall and spring terms Fleet Peeples conducted a life saving course as well as a class for those who wished their instructor's certificate.

Along with fishing and alligator hunting there were picnics. Faculty and students were entertained by food, skiers, fire diving, and a war canoe race between two or more social groups.

Although the varsities of most water sports were honorary competition on the waterfront was enthusiastic.

The 1960 crew season at Rollins saw Coach J. T. Bradley faced with a rather unusual problem: the task of choosing the best rowers for his varsity boat. For the first time in recent years the Junior Varsity crew performed on an equal basis with that of the varsity, thus forcing "Brad" to come through with his routine of musical chairs.

After competing favorably in their first two dual races of the 1960 season, the Tars varsity boat read: stroke, Ed Rupp; seven, Bill Houston; six, Whit Chase; five, Jim Lyden; four, Dennis Kamrad; three, Tim Morse; two, Jay Bunker; Bow, Bill Kintzing; coxswain, Ed Bath. These oarsmen opened the season with a narrow, but rewarding victory over Florida Southern in their seasonal opener. An easy triumph over Amherst College followed the Southern win.

In the Tars third race of the season, against American International College the baby Tars were rewarded for their loyal and impressive work throughout the early season by being selected to row against the Mass. school. The results were quite rewarding for Coach Bradley, as Rollins lead all the way for an easy triumph.

The winning junior varsity crew was comprised of Jim Anderson at stroke; Sid Chase, seven; Art McGonigle, six; Larry Strimple, five; Pete Davenport, four; Bob Carlson, three; Jim McDermott, two; Bob Todd, bow; and Jerry Thompson, coxswain.

After winning their first three dual races, the Tars were forced to pit their perfect record against five more competitors in what promised to be tight battles. After completing eight dual race agenda, Rollins traveled to Tampa for the highly honored State Championship, an honor which up to two years ago the Tar oarsmen had been able to capture with amazing consistency.

One week after the state race the Rollins oarsmen went on their annual trip to Philadelphia where they participated in the "big" race of every season, the Dad Vail Regatta. Rollins has had the distinction of finishing second in this important race against the best small college crews in the country nine times than any other team, and this year "Brad" and his men are aiming for the number one position, a spot they have come within six inches of winning in the past.

THE STURDY OARSMEN OF THE ROLLINS CREW ARE ED BATH, ED RUPP, BILL HOUSTON, WHIT CHASE, JIM LYDEN, DENNIS KAMRAD, TIM MORSE, JAY BANKER, AND BILL KINTZING.

ALTHOUGH EXHAUSTED, THE ROLLINS VARSITY OARSMEN combine their strength under the coxswain's prodding to emerge victorious from a grueling race on Lake Moitland. Members of the Varsity team are as follows: Bill Kintzing, Joy Bonker, Tim Morse, Whit Chase, Jim Lyden, Bob Anderson, Bill Houston, Ed Rupp, and Ed Bath.

Members of the Rollins basketball team. First raw: Otis Delaney, Bob Griffith, captain; Mike Bailey, Tom Weber. Second raw: Mike Pohran, Dennis Casy, Sam Scales, Jay Dolan, Leon Hollon. Third raw: Dick Bishop, Claude Crook, Ralph Tanchuk, Mike Meriney, Ronnie Brown. At the end of the season the team was handicapped since eight of the players were not able to play due to injury.

The Rollins College hoopsters ran into more than their share of trouble in the 1959-60 campaign. Under the capable guidance of coach Dan Nyimicz, who completed his seventh year as head of the Tar cagers, Rollins faced such problems as: the lack of a gym, the need for more height (there was only one player, Ralph Tanchuck, who exceeded 6'3"), and the problem of a poor schedule, which left the Tars with only 18 games to play.

The Tars hit their highspot early in the season as they defeated Catawba College and Atlantic Christian College on successive nights to grab their first Citrus Invitational Tournament Championship. Rollins' 60-59 triumph over top-seeded Catawba was paced by high scorer Dick Bishop who sank his 24th point during the final 30 seconds to give the Tars an upset win. The following night Rollins clinched the champion-

ship with a 78-65 win over Atlantic Christian. Again, Bishop paced the winners, this time hitting for 34 points. After the game Bishop was selected the "Most Valuable Player o the C.I.T."

In Florida Intercollegiate Conference competition the Tar found the going rough. Facing such top squads as the nation's 11th ranked team, Miami, Rollins was forced to introduce a new, deliberate, stalling defense. A defense which reached its peak when Rollins gained an 11-9 halftime lead over Jacksonville University, in a game which Rollins eventually dropped 31-30.

Next year the local cagers will field an all-experienced squad. There were no senior members on the 1959-60 team, and the prospects for the following season should be the brightest in years.

This year's Rollins baseball squad was faced with the difficult task of matching last year's spectacular 28-7 record. At the time of this writing the Tars show a record of eight wins, four defeats, and five tie games.

The brightest spot of the team is the steady hurling of senior southpaw "Bunky" Davis. Davis proved his worth to the team when he came through with the first three wins that Rollins chalked up. His record was 4-1 after 17 games, and took a powerful nine from Duke University to knock off the Tars highly rated pitcher.

Other bright spots during the Tars early schedule include the tremendous showing which coach Justices' charges came through with during their annual Baseball Week. Playing host to such powerhouses as Ohio State University, South Carolina, and Amherst, Rollins finished the week at the top of the list. At the beginning of the season the Tars hitting was not expected to compare to that of last years squad, but after Mike left town the Tar batters came to life, and during the next two games Rollins hitters came through with five blasts over the outfield fences.

Heading the list of home run hitters was freshman catcher Carl Mutert, who hit two homers in the first collegiate game ever started. Mutert followed with a round tripper the next day, making his first three hits in college ball home runs.

Although Coach Justice did miss the presence of four regular starters who graduated last year, he was favorably impressed with the showing of freshman candidates Ken Salmon, John Stutz, Carl Mutert, Mike Pohlman, and Bill Shiroh. With such top notch players as these expected to be performing at Harper Shepherd Field during the next three years the Tars future looms very bright.

THE ROLLINS BASEBALL SQUAD MEMBERS are Tom Weber, Carl Mutert, Lorry Heiden, Mike Cortese, Jerry Beets, John Stutz, Ken Salmon, Hop Connor, Mike Salmon, Jessie Lee, Mobrey Monderson, Bob Moys, Doug Boxendole, Ralph Tonchuck, Jim Cooper, Otis Deloney, Winkie Williams, and Bill Shiroh. Looming the Tars' record were four tie boggomes called due to self imposed time limits on the daily double headers.

# WOMEN'S TENNIS

A few years ago the Rollins Women's tennis team received recognition in the magazine *World Tennis*. They Challenged any other women's tennis team in the United States. This resulted in a tour during which they did not lose a match to a women's team.

Coached by Norm Copeland, the team is one of the few traveling teams in the country. During the year 1959-60, they played various tennis clubs in Florida and finished with a fine record.

Owen McHaney, the team captain, has been ranked nationally for two years. She also has been a finalist in the National Intercollegiate Tournament for two years losing to Darlene Hard, who was a finalist in the Nationals last year.

The other members of the team are ranked as follows: Jane Feise, Julie Van Pelt, Lynn Egry, Bonnie Stewart, and Julie Smith.

JULIE AND OWEN RUSH THE NET IN A TENSE MATCH

THE ROLLINS WOMEN'S TENNIS TEAM boosts of being one of the strongest collegiate teams in the nation because of its exceptional depth. The twelve who make the team successful are Owen McHoney, Amelia Hunt, Lennie Buxton, Susie Mackie, Nelle Longshore, Julie Van Pelt, Jane Feise, Bonnie Stewart, Julie Smith, Charlotte Taylor, Johonna Crockwell, and Lynn Egry.

## MEN'S TENNIS

JUNIOR JOHN HENRIKSEN MOVES INTO POSITION FOR RALLY.

The Rollins tennis squad, under the able guidance of coach Norm Copeland, faced both a difficult schedule and the problem of replacing key players for the 1960 season.

After losing to Princeton 9-0 in their first match, the Tars tried the new Ivy League method of scoring, that is similar to the scoring in ping-pong, in the return engagement. The final result put Princeton on top once again, but the final score was a closer 6-3. All in all, the Tars players favored the new scoring system, and it is expected that it will be heard of once again in the near future.

Next season the Tars lose only captain Steve Mandel by graduation. This leaves coach Copeland with one of the strongest, most experienced nucleus' with which to build a team of the future.

MEMBERS OF THE ROLLINS TOP TENNIS TEAM are Norm Copeland, coach; Ken Salmon, John Henriksen, Steve Mandell, captain; Bill Kohn, Mike Alegre, Bill Moulton, Burnom Macleod, Mort Dunning, Barry Barnes, Luis Dominguez.

# GOLF

All good things have to come to an end, and in sports this statement is true of any team which wins contest after contest. Such is the story of Rollins College's 1960 golf team. Entering this year with an impressive list of having competed in 28 straight dual matches without suffering a defeat, the Tar linksters ran their record to 32 before bowing to one of the best golf teams to represent the University of Florida.

The Tars came bouncing back with victories at the expense of Florida State and the University of Georgia before dropping a series of upsets. When the Tars were playing at their lowest the Miami Hurricanes and Georgia Tech were around to chalk up wins over Nyimicz's squad.

After their loss to Georgia Tech, the Rollins linksters managed to finish second in a triangular meet against the Jacksonville Naval Air Station and the United States Naval Academy. Jacksonville finished on top with nine points, the Tars accumulated  $6\frac{1}{2}$ , while the middies finished with just  $2\frac{1}{2}$  to their credit.

This year the curtain falls with the Southern Intercollegiate Tournament, held annually in Athens, Georgia. Coach Nyimicz will count on Jay Dolan, Dick Diversi, Tagg Bowman, Mickey Van Gerbig, Bob Lerner, Larry Breckenridge, and Roland Lamontagne, who are the golfers enabling Rollins to be known as one of the top college golf squads in the country.

# MEN'S INTRAMURALS

The 1959-1960 intramural season at Rollins was ushered in by softball. The struggle on the Sandspur Bowl was primarily concerned with who was the better, X Club or Lambda Chi Alpha. X Club was awarded the number one spot, but it was not before Lambda Chi had forced the eventual winners throughout the entire series of playoff matches.

This year golf was moved from spring term to fall term, and this move proved most favorable to Lambda Chi, as they ran off with the top award in the IM golf race.

The next intramural sport to be played on the campus was the winter favorite, basketball. This years hoopster race saw the X Club finally catch up with Sigma Nu, the winners for the past two seasons. The Club raced through its 12 game schedule without suffering a single defeat, while the Snakes finished with a total of 250 points, 70 less than the Club.

The final results in the tennis race were quite surprising, as the number one team at the end of the race was none other than the faculty entry. The profs made it through their rugged seven game schedule with a total of six wins and a tie. The real battle was for second place, with X Club and Delta Chi finishing up tied. The KA's and Indies tied for the next spot.

# WOMEN'S INTRAMURALS

The purpose of the Women's intramural program is to foster spirit of cooperation and good sportsmanship in athletics, to provide competition and recreation for every student regardless of skill or ability and to promote interest in those activities of "carry over" value.

The program is designed so that each social group competes against the other groups in various activities. Basketball sets the pace in the fall term, as each team struggles for the trophy donated by Alpha Iota sorority. Winter term is softball and tennis time on the calendar; this time the women compete for a trophy which is donated jointly by all the participating groups. Volleyball games, a swimming meet, golf matches and an archery tournament are all on the agenda during the spring term. Trophies for each of these activities are presented to the winning squads. However, the climax of the year is the presentation of the coveted O'Brien Trophy. This trophy was donated by Ned O'Brien in 1946, and is awarded to the group winning the largest number of intramural trophies.

The intramural calendar includes a well rounded variety of activities. A complete program such as this one could not exist without the able direction of Sara Jane Dorsey and Janet Patton. Working with these directors is the Women's "R" Club. This club is an honorary organization whose aim is to foster good sportsmanship and give recognition to outstanding women athletes. Outstanding ability in several individual or team sports plus good sportsmanship are the criteria used in selecting members.

BRIDGE AND COKES . . . AN AFTERNOON FLIES.

A PAUSE BETWEEN CLASSES . . . THE SANDSPUR ON FRIDAY MORNINGS

REMEMBER THE FLU EPIDEMIC AND SOUP DINNERS?

THE CLICKING OF THE PINBALL MACHINE . . . A CENTER SOUND

*A picture of a lake . . . dark, austere, silent . . . and on its shore a physical structure called Rollins . . .*

*The hard reality of buildings . . . the reflection in the dark . . .  
burned . . . gone . . .*

*Yet through these pages no towering marble, no experiences familiar to everyone . . .*

*Only human moments, a feeling, a mood, only glimpses that  
can be captured by the camera . . .*

*Instant gliding into instant . . . gaiety, seriousness  
. . . merely touched upon . . .*

*The waking morning, note taking, questions, a friend, a hand in yours . . . night. This is what is  
remembered . . . This is Rollins.*

# First National Bank at Winter Park

## Winter Park, Florida

For FORTY-TWO YEARS we have been serving thousands of ROLLINS STUDENTS with their banking needs.

We point with pride to the number of former Rollins Students who have returned as professional people to this area. Their start for Higher Education and Training has been right here in Winter Park.

We hope the memories of the pleasant service we are endeavoring to render will in some measure stay with you so that you, too, will bear us in mind should you return in future years.

We trust our service will merit a recommendation to your friends.
